

AFFIRMATIVE PRAYERS AND PRAYER REQUESTS FOR ANIMALS

At Unity of Nashville, we are honored to pray for animals, for we believe that animals are a vital part of God's creation. In prayer, you will find ideas for helping any animal that is important to you. God cares for all creatures, so place any animal you are concerned about in God's care. No matter what the need is, the greatest blessing you can give is your love-filled, faith-filled prayer and your belief that "not one is forgotten."

DEALING WITH LOSS

The emotional bond you develop with an animal is very real and very natural and the impending death of an animal can be unsettling. When the time comes to release an animal into God's care, take a few moments to experience peace in prayer. As you pray for your animal friend to pass peacefully, let your heart be comforted in the knowledge that the creature is enfolded in God's endless love. Hold these words as in your heart as you pray: You are a beloved creation of God, and I release you into God's loving care.

HEALING

When you become aware of an animal in need of healing, remember that God's spirit moves in and through all creatures. You can expect winged and finned and four-footed creatures to be healed through the power of God just as you would expect healing for yourself or any other human being. You can trust the life of God that created the animal to establish wholeness within it. As you pray, let this be your heart's prayer: You are God's beloved creature. God's healing life, love, and strength are now flooding every cell of your body, making you whole and well. Have faith in the healing power of God to restore the animal to its natural perfection.

MISSING ANIMALS

When a beloved pet or cherished animal is missing, see it enfolded in God's love and care. Remember that each animal has within it a divine instinct to seek a place of shelter and to seek those who will provide food and care. The love of God is within all people. Have faith that this is so. Know that the animal will be led to someone with the time, the knowledge, and the thoughtfulness to care for it and protect it. Trust that anyone who finds the animal will be divinely inspired to take the steps which will be for its highest good. In prayer, hold this thought: You are God's loving, obedient creature. You are led to your right place quickly and safely.

PRAYER REQUESTS

Request Prayers for your animal friends by [sending us an email](#) with your pet's name, your name, contact info and the prayer you'd like us to hold for your pet.
